October 9, 2026

Ms. Joan Marie E. Barcenas
Barangay Health Worker
Barangay San Antonio Health Center, Pasig City

Subject: Request for Staff Schedules and Interview Preferences, October 12–22, 2026

Dear Ms. Barcenas,

Thank you again for helping us with our project on the Barangay San Antonio Health Center. Our final project is due on **October 23, 2026**, so we hope to finish all interviews between **October 12 and October 21**.

To plan the interviews around everyone's work, may we kindly ask for your help with three things for **each person on the health center's organizational chart**, plus Kapitan Lising, Kagawad Rustia and the Barangay Treasurer:

1. **Available days and times** from October 12 to 21. We understand that Kapitan Lising and Kagawad Rustia are available Monday to Thursday only.
2. **Preferred way to answer:**
   - **In person:** a short talk of about 25 minutes at the health center
   - **Online call:** about 25 minutes by Google Meet or Messenger
   - **Written:** we send a short question sheet, and they answer it at their own time within 3 days
3. **Permission to voice-record** in-person and online talks. The recordings are only for our notes and will not be shared. We will not ask for any patient names or records.

A simple form is on the last page. A photo of the filled form, or a message with the same details, would be a great help. Each person will only receive the questions about their own work.

Thank you very much for your kindness and support.

Respectfully yours,

Sendin · Halim and team

Project Primer: What We Are Doing and Why

This page explains our project in simple terms and the extra instructions our professor gave us.

> **In one sentence:** we are making a "blueprint" of how the whole health center works today, finding what could work better, and suggesting a step-by-step plan. We are **not** selling or installing any system.

Our professor's additional instructions

1. **Look at the whole health department, not only patient records.** This includes:
   - patient care
   - medicines and supplies
   - records and monthly reports
   - community work (condo visits, OPT, vaccination drives)
   - hiring, training and promotions
   - budget and funding
   - equipment and internet
   - building upkeep and security
2. **Separate what the center controls from what it doesn't.** If the center can change something, we can suggest improvements. If it can't (for example, medicine deliveries from DOH or the City), we list it as a **limit or risk** and suggest how to work around it.
3. **Show how risks are handled.** For example, when medicines did not arrive for 3 months, the barangay bought medicines from its own budget. We will document examples like this.
4. **Describe needs and solutions separately.** We first write *what* is needed (for example, "a way to finish reports on time"), then *how* it can be done (for example, "a shared tracker with reminders").
5. **Cover all five planning stages, A to E.** This is why we need several short talks with different people:
   - A: Vision
   - B: Daily work
   - C: Records and systems
   - D: Equipment and internet
   - E: Final plan

What each person will be asked about

Person or group	Topics
Kapitan Lising, Kagawad Rustia	Barangay priorities, health budget, medicine shortage, approvals
Dr. Bonilla	Goals for 2027, targets, what success looks like
Nurse Hardman, Midwife Abong	A patient visit step by step, reports, follow-ups
Dentist	Dental services, records, supplies
Nutritionist, BNS	OPT, nutrition program, yearly proposal
Health aides, BHWs	Medicines, field work, referrals, seminars
Mr. Reyes, Barangay IT team	Forms, the Pasig system, computers, internet, backups
Treasurer	Health budget and spending
Security, utility	Building upkeep, safety and supplies (optional, written only)

Schedule & Preference Form (October 12–21)

Mode: **P** = in person · **O** = online call · **W** = written questions. Recording: Y or N.

Name & position	Available days & times	Mode (P/O/W)	Record (Y/N)	Contact / notes
Hon. Raymond Thomas U. Lising, Punong Barangay *(Mon–Thu)*				
Hon. Rachel Rustia, Kagawad – Health *(Mon–Thu)*				
Barangay Treasurer				
Dr. Glynnis Lynn U. Bonilla, Medical Officer IV				
Dr. Joseph P. Magpali, Rural Health Dentist
